:)

Very good at explaining the concepts

Thank you soo much ma'am, for such a informative and interesting lecture session

The lecture was overall excellent. I didn't recollect having much in depth knowledge on the Lac Operon, but after Shruti ma'ams lecture, i can say that most of my concepts are clear. The nearly 3 hour long lecture didn't seem a tad bit boring to me and i was honestly enjoying answering in class and making sense of the concepts being presented. It's commendable as to how ma'am picked up pace from the very basics and built up to the bigger concepts. Thank you Shruti ma'am, you did a great job teaching us and delivered well, wishing you God's blessings and the very best for your future:)

Your teaching methods are very good which is very rare to see, you were keen to make sure that all students understood the topic well

It was a wonderful learning session and very good management of syllabus within a short span of time :)

It was a nice session 👍

It was fun session to attend.

Lecture was explained using concepts from scratch and then building up on them which made understanding easy.

Concepts were well taught

Understood the concept well thank you 😊

Wish to have her in the Lifesciences department:)

Excellent professor.

NA

Ms. Shruti's confidence on stage and her ability to handle the class and explain the concept was very impressive. Would love to learn that from her.
